ATTACHMENTS

Attachment 1: Scope Of Services

Attachment 2: Insurance Requirements, Coverages and Limits

1. SCOPE OF SERVICES

1. SCOPE OF SERVICES

1.1. INTRODUCTION

The Tampa-Hillsborough County Expressway Authority (THEA) was established by the Florida Legislature in 1963 as a transportation entity to efficiently and effectively fund and construct roadway infrastructure projects in Hillsborough County. In 2014, the State of Florida passed legislation giving THEA the ability to offer services to counties surrounding Hillsborough County, including Hardee, Manatee, Pasco, Pinellas, and Polk.

As an independent agency of the state, THEA owns, maintains, and operates four facilities: the Selmon Expressway, the Brandon Parkway, Meridian Avenue, and the Selmon Greenway. The agency is focused on driving innovation and improving mobility and safety throughout the Tampa Bay region. THEA partners with community organizations on everything from beautification to economic development to education and is committed to enhancing the community and activating urban spaces.

THEA's Board of Directors is comprised of seven members, four of whom are appointed by the Governor. Serving as ex-officio members are the Mayor of the City of Tampa, one member of the Board of County Commissioners of Hillsborough County, selected by such Board, and the District Seven Secretary of Transportation, FDOT.

Over the next ten years, THEA anticipates approximately \$1 billion in capital work. THEA's current six-year work program totals more than \$800 million. THEA processes 77 million toll transactions and serves more than 2 million customers annually. All revenues collected on the Selmon Expressway stay in Tampa and Hillsborough County, where THEA reinvests those dollars back into the community. THEA uses toll revenues to provide our region with a transportation system that provides regional connectivity to our residents and visitors.

THEA requires the services of a general communications consultant ("Consultant") that will provide public involvement, public relations, advertising, marketing, and related services. Proposers should have knowledge and experience in transportation projects, including planning, design, and construction. THEA seeks a Consultant who understands the City of Tampa, Hillsborough County, and the five surrounding counties for which THEA is legislated to provide service. Equally important, the Consultant should have a strong background in transportation and transportation-related issues, communications, and public involvement. THEA is looking for the proposer(s) to have proven expertise in the following areas:

- Project-specific public involvement activities for a transportation agency
- Strategic campaigns
- Public relations
- Social media
- Media relations

- Writing (creative and technical)
- Printed material design and production
- Website design and updates
- Special events support
- Crisis communications
- Market research
- Media planning and buying
- Multimedia services
- Community engagement

2. SERVICES

The Consultant shall provide qualified professional, technical, and support personnel to perform the work and provide the expertise and resources required by THEA. The Consultant shall work closely with THEA's Director of Communications and Community Engagement and the communications team to provide the services included in this Scope of Services. The Consultant shall work directly with the Executive Director on organizational public relations strategies, goals, initiatives and image of the Authority.

2.1. PUBLIC RELATIONS SERVICES

Public relations services are communication management services that use publicity and other forms to promote and educate the public on THEA and THEA's projects. Public relations services include but are not limited to:

- Plan, create, manage, implement, and monitor public relations strategies and campaigns to reach a target audience or target market, including social media campaigns
- Develop educational outreach campaigns for diverse community groups, business interests, elected officials, other interested stakeholders, and the public

2.2. MARKETING/ADVERTIZING SERVICES

Marketing and advertising services are related to the creative design, production, and development of media, advertisements, educational materials, copyrighted materials, brochures, flyers, broadcast media such as television, radio, newspapers, and magazines, and other related services to reach a defined target audience or market. Marketing and advertising services include, but are not limited to:

- Provide advertisement and media relations planning and advisory services
- Create branding materials, including logo, name, slogan, or colors, and oversee creative direction of THEA's vision and identity
- Develop and produce advertising content such as ad copy, radio spots, television commercials, creative storylines, print and broadcast notices, digital signage, and additional content to communicate and promote THEA's message
- Manage brand design, copy, art, and digital technologies

- Execute focus groups, market research, interviews, and/or surveys
- Analyze brand tracking, market trends, and consumer needs
- Optimize content for search engine optimization ("SEO") and other digital strategies

2.3. PUBLIC INVOLVEMENT SUPPORT

Public involvement includes communicating with and receiving information from all interested people, groups, and government organizations regarding project development. The Consultant, at the direction of THEA, shall provide a dedicated project manager ("PM") who will scale public involvement efforts to match the magnitude and complexity of designated THEA projects. The Consultant may be appointed as the public information officer ("PIO") for specific projects at the direction of THEA.

THEA follows the Florida Department of Transportation (FDOT) public involvement policies, practices, and other legal foundations for public involvement as outlined in the FDOT Public

Involvement Handbook (October 2023 or most current version). The Consultant shall be familiar with the handbook and follow the same practices. The FDOT Public Involvement Handbook provides techniques and methods to encourage meaningful public participation throughout the transportation decision-making process. A. INSURANCE REQUIREMENTS:

- 1) All insurance shall be from responsible insurance companies eligible to do business in the State of Florida and having an AM Best rating of A- or better and a financial size category of VII or better. Utilization of non-rated companies or companies with AM Best ratings lower than A- or a financial size category lower than VII may be approved on a case by case basis. If the insurer does not meet these requirements, THEA retains the right to approve or disapprove the use of the insurer.
